

## Cover Work for 2014 September 4

### Use the Mathletics booklet I gave you yesterday.

Self study - p.37-38: Factor trees, then do p. 39-40

Self study - p.41: Highest common factor (HCF) , then do p.42

Self study - p.43: Lowest common multiple (LCM), then do p.44

Study the extension worksheet (**will be given by the cover teacher**) -

Use prime factorisation method and continuous division methods

If you forget to bring or lost your booklet, download it now and do your work in pieces of paper

01\_Arithmetic rules.pdf

02\_HCF\_LCM.pdf

For Level A students or students finish the above set work:

Time-out activity (Fun with the Four Operations) – **ask the teacher, if you need it.**
